ACKNOWLEDGMENTS

This training curriculum is dedicated to increasing knowledge and understanding of the Social Security Administration's disability and return to work programs and work incentive provisions as prescribed in the Social Security Act and Ticket to Work and Work Incentives Improvement Act of 1999 as well as other federal benefit programs. These informational resources were compiled and edited to provide continuing education and print materials for benefits specialists and protection and advocacy personnel on the interplay of these benefit programs and impact on employment.

Materials contained within this manual have been reviewed by the Social Security Administration, Health Care Finance Administration, Housing and Urban Development, Internal Revenue Service, and Department of Labor for accuracy. However, the opinions about programs administered by these entities expressed in these materials are those of the authors, and do not necessarily reflect the viewpoint of individual agencies referenced above. The information, materials, and technical assistance are intended solely as informal guidance and are neither a determination of legal rights or responsibilities, nor binding on any agency with implementation and/or administrative responsibilities.

Materials contained within this manual are exclusively the work of the referenced authors and other contributors. The authors would like to recognize and extend their sincere appreciation to Mark Lassiter who contributed a great deal to some of the original conceptualization of content upon which chapters one through thirteen have evolved. In addition, the following individuals played an important role in providing editorial support and effort which contributed to the production of this manual:

The National Materials Development Workgroup consisting of the primary authors and Diana Beckely, University of Missouri at Columbia; and, Mary Ridgely, Employment Resources, Inc.

Staff of the Program on Employment and Disability including Alexis C. Falise, Debbie Fisher, and Shelia Smith.

Technical editors from the federal agencies referenced above.
